Profile

I am a dedicated student with a strong interest in programming and web development. I have a basic understanding of HTML, CSS, and JavaScript, which I use to build engaging web pages, and I am familiar with programming languages like C, Python, and Java. Currently exploring projects and hands-on learning opportunities to build my skills further. I am eager to learn new technologies and looking forward to starting my career in the tech industry.

Languages

HTML | CSS | Javascript | Python | C Programming | Java —

Courses

Front End Development - CSS

- **Platform:** Great Learning
- **Completion Date:** July 2024
- **Skills Gained:** Learned CSS fundamentals, including layout design, styling techniques, and responsive web design principles.

Projects

Personal Portfolio Website

- **Description:** Developed a responsive personal portfolio website using HTML and CSS to showcase my skills and projects.
- **Key Features:**
 - Header:** Includes a profile picture and introduction, with a clean, modern design.
 - About Me:** A section for personal biography, styled for readability.
 - Project Gallery:** Displays projects in styled boxes for easy viewing.
 - Footer:** Contains contact information, matching the site's visual theme.
- **Technologies Used:** HTML, CSS
