Kundapura

Profile

I am a fresher with strong problem-solving abilities and a quick adaptability nature. Eager to utilize my technical skills in a dynamic organization, I aim to contribute to mutual growth and success. I am a responsible and organized individual, ready to accept challenges and continuously develop my expertise.

Professional Experience

Jun 2024 – Nov 2024
Bengaluru

Internship

Sumana Embedded Technologies

- Collaborated with a team of six to design, develop, and test a software module for USB serial and local reader writer systems.
- Utilized JavaScript and Dart to implement efficient and reliable solutions.
- Delivered the project ahead of schedule by leveraging strong teamwork and time management skills.
- Gained hands-on experience in software development lifecycle, from defining requirements to testing and deployment.

Projects

Portfolio-Pro

Developed a full-stack freelancing platform that streamlines the connection between freelancers, admins, and clients. Freelancers can register, submit skillsets, and upload resumes for admin approval. Approved profiles are displayed publicly for clients to view and access contact details without login. The system includes secure authentication, modular profile management, and resume upload/download functionality. Designed a clean UI and ensured smooth data flow between frontend and backend.

Tech Stack: React.js, Node.js, MySQL

Personal Banking System

Developed a secure banking system using Python and MySQL with automated XAMPP integration. Features include user authentication, dynamic transaction tracking, and an e-Passbook for viewing transaction history.
